

I am currently a Ph.D. student in the [Logimicscentr](#) team of the [MICS](#) laboratory at [CentraleSupélec](#), [University Paris-Saclay](#) (France). I am working under the supervision of [Pascale Le Gall](#) and in collaboration with [Hakim Belhaouri](#) and [Agnès Arnould](#) from the [XLIM UMR CNRS 7252](#) laboratory. My work focuses on providing help for the conception of operations in topology-based geometric modeling using the Jerboa platform (<http://xlim-sic.labo.univ-poitiers.fr/jerboa/>):
